1. Comparison of arrhythmia incidence after the extracardiac conduit versus the intracardiac lateral tunnel Fontan completion. **Sarkis V, Sreeram N, Trieschmann U, Ben Mime L, Bennink G.**

   Cardiol Young. 2011 Apr;21(2):178-81.

6. Pericardial patch valve in the tricuspid position in an infant. **Sreeram N, Ben Mime L, Bennink G.**

8. Speckle tracking echocardiography in childhood myocarditis: spontaneous reversal of severe left ventricular rotational abnormalities during follow-up. **Udink ten Cate FE, Schmidt BE, Südholt H, Wilmes C, Sreeram N.**
   Int J Cardiol. 2011 Sep 1;151(2):257-60.

11. Use of propofol in pediatric intensive care units: A national survey in Germany.
   Kruessell MA, Udink Ten Cate FE, Kraus AJ, Roth B, Trieschmann U.

   Emmel M, Sreeram N, Khalil M, Adelmann R, Brockmeier K.

13. Adult aortic coarctation discovered incidentally after the rupture of sinus of Valsalva aneurysm: combined surgical and interventional approach.
   Ouali S, Kortas C, Brockmeier K, Boughzela E.

   Emmel M, Bennink G, Meila D, Brassel F.
   Cardiol Young. 2011 Dec 14:1-4.

15. Does reversed apical or basal left ventricular rotation in children with dilated cardiomyopathy recover following medical therapy? A two-dimensional speckle tracking study.
   Udink ten Cate FE, Lorenz SR, Khalil M, Schmidt BE, Sreeram N.

16. Integration properties of Wharton's jelly-derived novel mesenchymal stem cells into ventricular slices of murine hearts.
   Lupu M, Khalil M, Andrei E, Iordache F, Pfannkuche K, Neef K, Georgescu A,
   Buzila C, Brockmeier K, Maniu H, Hescheler J.

17. Percutaneous radiofrequency septal reduction for hypertrophic obstructive cardiomyopathy in children.
   Sreeram N, Emmel M, de Giovanni JV.

18. Pneumopericardium as a Rare Complication of Continuous Positive Airway Pressure in Spontaneously Breathing Neonates.
   Junghaenel S, Sreeram N, Demant A, Vierzig A, Kribs A, Roth B.
